

SEC. 8. EXPANSION OF ECSTASY AND LIQUID ECSTASY ABUSE PREVENTION EFFORTS.

(a) PUBLIC HEALTH SERVICE ASSISTANCE.—Part A of title V of the Public Health Service Act (42 U.S.C. 290aa et seq.) is amended by adding at the end the following:

"SEC. 506. GRANTS FOR ECSTASY ABUSE PREVENTION.

"(a) AUTHORITY.—The Administrator may make grants to, and enter into contracts and cooperative agreements with, public and nonprofit private entities to enable such entities—

"(1) to carry out school-based programs concerning the dangers of abuse of and addiction to 3,4-methylenedioxy methamphetamine or related drugs, using methods that are effective and science-based, including initiatives that give students the responsibility to create their own antidrug abuse education programs for their schools; and

"(2) to carry out community-based abuse and addiction prevention programs relating to 3,4-methylenedioxy methamphetamine or related drugs that are effective and science-based.

"(b) USE OF FUNDS.—Amounts made available under a grant, contract or cooperative agreement under subsection (a) shall be used for planning, establishing, or administering prevention programs relating to 3,4-methylenedioxy methamphetamine or related drugs in accordance with paragraph (3).

"(c)(1) DISCRETIONARY FUNCTIONS.—Amounts provided under this section may be used—

"(A) to carry out school-based programs that are focused on those districts with high or increasing rates of abuse and addiction to 3,4-methylenedioxy methamphetamine or related drugs and targeted at populations that are most at risk to start abuse of 3,4-methylenedioxy methamphetamine or related drugs;

"(B) to carry out community-based prevention programs that are focused on those populations within the community that are most at-risk for abuse of and addiction to 3,4-methylenedioxy methamphetamine or related drugs;

"(C) to assist local government entities to conduct appropriate prevention activities relating to 3,4-methylenedioxy methamphetamine or related drugs;

"(D) to train and educate State and local law enforcement officials, prevention and education officials, health professionals, members of community antidrug coalitions and parents on the signs of abuse of and addiction to 3,4-methylenedioxy methamphetamine or related drugs, and the options for treatment and prevention;

"(E) for planning, administration, and educational activities related to the prevention of abuse of and addiction to 3,4-methylenedioxy methamphetamine or related drugs;

"(F) for the monitoring and evaluation of prevention activities relating to 3,4-methylenedioxy methamphetamine or related drugs, and reporting and disseminating resulting information to the public; and

"(G) for targeted pilot programs with evaluation components to encourage innovation and experimentation with new methodologies.

"(2) PRIORITY.—The Administrator shall give priority in making grants under this subsection to rural and urban areas that are experiencing a high rate or rapid increases in abuse and addiction to 3,4-methylenedioxy methamphetamine or related drugs.

"(d)(1) PREVENTION PROGRAM ALLOCATION.—Not less than \$500,000 of the amount available in each fiscal year to carry out this section shall be made available to the Administrator, acting in consultation with other Federal agencies, to support and conduct periodic analyses and evaluations of effective prevention programs for abuse of and addiction to 3,4-methylenedioxy methamphetamine or related drugs and the development of appropriate strategies for disseminating information about and implementing these programs.

"(2) REPORT.—The Administrator shall submit an annual report containing the results of the analyses and evaluations conducted under paragraph (1) to—

"(A) the Committee on Health, Education, Labor, and Pensions, the Committee on the Judiciary, and the Committee on Appropriations of the Senate; and

"(B) the Committee on Commerce, the Committee on the Judiciary, and the Committee on Appropriations of the House of Representatives.

"(e) AUTHORIZATION.—There is authorized to be appropriated to carry out this subsection—

"(1) \$5,000,000 for fiscal year 2001; and

"(2) such sums as may be necessary for each succeeding fiscal year."

(b) NATIONAL YOUTH ANTIDRUG MEDIA CAMPAIGN.—In conducting the national media campaign under section 102 of the Drug-Free Media Campaign Act of 1998 (21 U.S.C. 1801), the Director of the Office of National Drug Control Policy shall ensure that such campaign addresses the reduction and prevention of abuse of 3,4-methylenedioxy methamphetamine or related drugs among young people in the United States.

THE VERY BAD DEBT BOXSCORE

Mr. HELMS. Mr. President, at the close of business yesterday, Tuesday, October 3, 2000, the Federal debt stood at \$5,653,358,623,363.58, five trillion, six hundred fifty-three billion, three hundred fifty-eight million, six hundred twenty-three thousand, three hundred sixty-three dollars and fifty-eight cents.

Five years ago, October 3, 1995, the Federal debt stood at \$4,975,626,000,000, four trillion, nine hundred seventy-five billion, six hundred twenty-six million.

Ten years ago, October 3, 1990, the Federal debt stood at \$3,254,159,000,000, three trillion, two hundred fifty-four billion, one hundred fifty-nine million.

Fifteen years ago, October 3, 1985, the Federal debt stood at \$1,823,105,000,000, one trillion, eight hundred twenty-three billion, one hundred five million.

Twenty-five years ago, October 3, 1975, the Federal debt stood at \$547,355,000,000, five hundred forty-seven billion, three hundred fifty-five million, which reflects a debt increase of more than \$5 trillion—\$5,106,003,623,363.58, five trillion, one hundred six billion, three million, six hundred twenty-three thousand, three hundred sixty-three dollars and fifty-eight cents during the past 25 years.

ADDITIONAL STATEMENTS

CONGRATULATING THE NEW YORK METS AND THE NEW YORK YANKEES ON THEIR SUCCESSFUL SEASONS

• Mr. MOYNIHAN. Mr. President, I rise to congratulate both New York professional baseball clubs, the Mets and the Yankees, on yet another outstanding season of play. And as any fan will know, the season has only just begun. With the "Amazin's" capturing

in fine form the National League Wild Card and the "Bronx Bombers" winning the American League East Division for the fourth time in the last five years, the most exciting time of the year is now upon us. New Yorkers look forward to their first "subway series" since 1956, when the Yankees beat the then-Brooklyn Dodgers in seven games and Don Larson threw the only perfect game in World Series history. We will cheer for our revered teams like no time since.

First, however, the Mets head west to take on the San Francisco Giants, a team they had some trouble with earlier in the season and a team to be reckoned with. But the Mets have picked up a lot of steam in recent weeks and finished the regular season winning five straight. Indeed, riding the arms of Al Leiter and Mike Hampton, and the bats of Benny Agbayani and the venerable Mike Piazza, the Mets are as strong as they have been in years and couldn't be more ready for the Giants or whomever they may face next.

The Yankees, on the other hand, have had a tough time of it lately. Losing their last 15 of 18 games, one might say they did not so much race into the playoffs as limp. But this team is nowhere near down, nor anywhere near out. No franchise in the history of the game has had such achievement. To regain their championship form, they will rely on veteran and newcomer alike. Stalwarts such as Bernie Williams, Derek Jeter, and Scott Brosius have proven a winning combination along with a seasoned pitching staff including Andy Pettitte, Mariano Rivera and "The Rocket" Roger Clemens. Add to this already formidable lineup Glenallen Hill, Jose Canseco, and David Justice and the Yankees ought not be counted out as they seek to claim their 26th World Championship.

With this in mind, I along with my fellow New Yorkers, and Mets and Yankees fans everywhere, wait not so patiently, cheer not so quietly, knowing that we may again have our subway series. Good luck Mets and Yankees!•

HONORING KELO-LAND TV

• Mr. JOHNSON. Mr. President, it is with great honor that I rise today to congratulate KELO-LAND TV of Sioux Falls, South Dakota for receiving the prestigious national Emmy award for its Tradition of Caring" public service announcement.

The Emmy awards nobly serve as a gateway to focusing the public's attention on cultural, educational, and technological advances in the television industry. Specifically, the purpose of the award for the Public Service Announcement—Campaign category is to recognize special achievements of the television media establishment based on their unmatched ability to achieve excellence and originality. Within this

category, the outstanding achievements KELO-TV made in its "Tradition of Caring" public service announcement led them to be chosen as first among four national finalists at the presentation of the Emmy awards in New York City.

The "Tradition of Caring" public service announcement culminates three outstanding years of active community involvement by all of KELO-LAND TV's employees on behalf of over twenty charitable organizations. The purpose of their public service campaign was to facilitate employee and community involvement in local causes. To effectively implement their campaign, employees were divided into teams based on similar interests with each team focusing on a particular organization within the community. Their personal approach to public service has not only won them an Emmy, but it has significantly helped organizations throughout South Dakota gain positive exposure and financial assistance.

KELO-LAND TV richly deserves this distinguished award. It is an honor for me to share with my colleagues KELO-TV's exemplary leadership and strong commitment to both the development and enhancement of South Dakota's local communities through public service. I strongly commend their advancements in the television industry, and I am very pleased that their substantial efforts have found such extraordinary success.●

TRIBUTE TO DR. EMMETT O. TEMPLETON

● Mr. SHELBY. Mr. President, I rise today to honor Dr. Emmett O. Templeton of Birmingham, Alabama who recently received the American College of Radiology's (ACR) Gold Medal. Dr. Templeton currently chairs the department of radiology at Montclair Baptist Medical Center in Birmingham and continues to faithfully serve the community.

Dr. Templeton is an extraordinary individual who, as Chairman of the board of Chancellors of the American College of Radiology, made a lasting impression on Members of Congress by his straight-talking style. He served his specialty, radiology, and the nation's public policy in health by dealing with problems head-on and working to find solutions. Dr. Templeton has been an asset to all of us in Congress and is deserving of the ACR Gold Medal which recognizes his marvelous achievements.

In addition, I have included the remarks made in the ACR Bulletin about Dr. Templeton and why he has been awarded the Gold Medal.

EMMETT O. TEMPLETON, M.D.

At 53, Emmett "Neal" Templeton, M.D., is one of the youngest recipients of the ACR Gold Medal. A unique and talented radiologist, Dr. Templeton is perhaps best known for his outstanding contributions and dedicated service to the college. Never one to

toot his own horn, Dr. Templeton's unassuming manner, excellent intermediary talents and astute guidance have earned him the widespread respect of his peers. He has played a significant role in the advancement and success of the ACR and has been an inspiration to many of his colleagues in the southeast.

An ACR Fellow, Dr. Templeton became actively involved with the ACR fewer than 15 years ago, yet has served on more than 20 commissions and committees and participated for several years on many of them. The wide range of committees he has assisted is a reflection of his avid interest in all aspects of radiology, including accurate coding, practice matters and relationships with clinics and hospitals.

"Neal is an unusually bright and charismatic individual, which is immediately evident to those he meets. It is the reason he has so frequently been chosen for leadership," says Milton Gallant, M.D., director of radiology at The General Hospital Center at Passaic in New Jersey. "Leadership opportunities, coupled with unusual statesmanship and hard work, have resulted in his endeavors being uniformly successful."

Dr. Templeton has selflessly shared his time and counsel in ACR leadership roles, beginning as vice chair for the Commission on Radiologic Practice, The Commission on Economics, the Committee on State and Economic Legislation of the Commission on Economics, the Committee on Coding and Nomenclature and the Commission on Government Relations have all benefitted from his direction as chair. From 1992 to 1994, he served as vice chair of the Board of Chancellors. The following two years he served as chairman of the board while also serving as chairman of the Commission on Government Relations. In 1996 he was elected ACR president.

Bibb Allen Jr., M.D., one of Templeton's partners at Birmingham Radiological Group, saw firsthand the sacrifices Templeton willingly made during his tenure on the Board of Chancellors. "Neal spent the vast majority of his personal time away from the hospital conducting the business of the college," Allen says. "All radiologists have benefitted from Neal's leadership and skill."

Dr. Templeton is also a member of the Radiology Residency Review Committee, the AMA Practice Expense Advisory Committee, AMA-CPT Editorial Panel, the Government Relations Oversight Committee and the Practice Expense Advisory Committee panel.

His effective management style has made him an accomplished mediator. He is well known for his concern and support for technologists, office managers and office staff, recognizing the importance of their role in the practice of radiology. According to Barbara E. Chick, M.D., past councilor, chancellor and vice president of the ACR, "His availability to meet with anyone, at any time, to help problem-solve was a great asset to the field of radiology when the 'turf' battles were so common." Chick adds, "I believe his keen insight has been beneficial to many practices in their marketing and reimbursement activities."

Templeton has a unique knowledge of radiologic practice and economic matters. He has been appointed to the boards of HMO and PPO organizations as a result of the model hospital and imaging center practices he has demonstrated in his own practice. One of the highlights of his career was his stewardship of diagnostic imaging centers as an alternative to private office or hospital practice. He was an early expert in this concept during a time when the recognition of radiologists as "physicians" was not unequivocal.

Currently chair of the department of radiology at Montclair Baptist Medical Center,

Birmingham, Ala., Templeton earned his medical degree from the University of Alabama in 1973 and completed his internship and residency at the University of Alabama's hospitals and clinics. Even after achieving the highest positions in the ACR, he continues to serve the college and radiology "in the trenches."

Michael A. Sullivan, M.D., associate chairman of the department of diagnostic radiology at Ochsner Clinic in New Orleans, sums up Templeton's character nicely: "Neal is a wonderful individual who is forthright, honest and hard-working. He exemplifies the term 'involved radiologist.'"●

HONORING HARCUM COLLEGE'S 85th ANNIVERSARY

● Mr. SANTORUM. Mr. President, I rise today to recognize the 85th anniversary of Harcum College. The Harcum Post Graduate School was opened by Edith Hatcher, a talented concert pianist, and her husband Octavius Marvin Harcum. Together they chose a venture that would combine her "talents as an educator and artist and his business vision and ability." Harcum College opened its doors on October 1, 1915 in Melville Hall, with three students and five pianos.

In its early years, Harcum was a preparatory school, giving students the skills needed to attend college. Mr. Harcum was the first President, but when he died tragically in a car accident in 1920, Edith assumed the Presidency. She remained in that position for more than 30 years. The college continued to grow, yet it was a proprietary institution and faced financial difficulties. In 1952 it could no longer be run as a profitable enterprise; Edith declared bankruptcy.

The Junto Adult School was a non-profit educational corporation founded by Benjamin Franklin. It purchased the assets of Harcum and decided to use it as a two-year college for women. Philip Klein assumed leadership, and in 1955, Pennsylvania granted Harcum permission to be the first junior college in the Commonwealth's history to confer the Associate of Arts and Science degrees.

Throughout the years, tremendous expansion of facilities has occurred yet Harcum remains committed to its original philosophies. Harcum College embraces a value system based on four principles: a respect for and appreciation of diversity; the ability to make sound ethical and moral choices; the need to take responsibility for self and others; and a commitment to lifelong learning. All members of the Harcum community are committed to the success of one another.

Harcum College has always placed learning first and is committed to providing individualized educational experiences for a diverse community of learners. Harcum educated students in the arts and occupational skills, and in Mrs. Harcum's words, the college respected each student as an "individual with personal needs, interests, aptitudes, and aspirations."
